

SEMINAR

# LET'S TALK DNA

WITH DIANA ELDER

October 26, 2024

10:00 AM – 2:00 PM

**Registration Opens Aug 26**

[www.rvgslibrary.org](http://www.rvgslibrary.org) > Classes & Events

**Who:** Diana Elder is co-author of *Research Like a Pro With DNA: A Genealogists Guide to Finding and Confirming Ancestors with DNA Evidence*

**What:** Diana Will join us via zoom to teach the following three classes:

**1. DNA Reports: You've made a DNA Discovery. Now, How Do You Share It?**

Learn strategies for correlating and summarizing your DNA discoveries in a research report to share with clients, cousins, or for your own records.

**2. Solving a Family Mystery with DNA**

Learn how combining traditional research with DNA evidence revealed an unknown grandfather in this compelling case study. Follow the project from the beginning steps of creating an objective to writing the conclusions. Discover the importance of a research log and careful tracking of sources. Finally, see how Y-DNA and autosomal DNA used in tandem with the documentary sources solved this family's mystery.

**3. Pedigree Triangulation: A Key Methodology for Genetic Genealogy**

Learn the power of pedigree triangulation in analyzing DNA matches and building your genetic family tree. Discover how to use company tools such as Ancestry's ThruLines and MyHeritage's Theory of Family Relativity to boost efficiency and accelerate your discovery of common ancestors. We'll discuss the basic steps of analyzing the amount of shared DNA, then building incomplete trees and comparing surnames and locations.

**When:** Saturday, October 26, 2024, 10:00 AM - 2:00 PM

**Where:** You can join us at the RVGS Library, 3405 South Pacific Highway, or watch at home via Zoom.

**How Much:** \$45 for RVGS members, \$55 for non-members
