

Presidents Report:

Procedures: I have started a Procedure to do List on Google Sheets. This should be a fun process and as detailed as we can make. This will be a wonderful reference and evolving documents as things are updated and improved upon. It will also be a great aid all our volunteers.

The Education Committee has started this. It is a slow process but once you get going it is a lot of fun. It is amazing the work that goes into all our different things!

January has been a busy month for all of us! Thank you so much for picking up and running with all of RVGS many activities and areas. I have enjoyed seeing all the OLLI folks in the library and the book sale! Special Thank you to Barbara Northrop for doing the Amazon Book Sales and to Anne Billeter for organizing the in house book sale!

I realize it sounds weird that at the very beginning of the year to be looking for members who might be interested to serve on the Board, but PLEASE be on the look! It would be nice to have them join Board meetings and become familiar before next year.

I updated the SOS alarm call list (sent to board February 8th) after our stow-away February 6th.
