

**Rogue Valley Genealogical Society  
Board of Directors Meeting – March 2023  
Technology & Data Management Report**

**[Social Media & Video Update](#)**

**Computers**

The Projects 1 computer in the back office is now up and running (and probably the fastest computer in the library!)

**Owl Cameras**

Instructions for the Owl cameras are now posted on the Librarian Resources page. However, users should be trained in person before using. Training should be scheduled with me. Any group wishing to use the cameras for hybrid meetings should have one or two designated persons to be trained.

**Deep Freeze**

I have researched what it will take to reactivate Deep Freeze and will share during the board meeting in a designated agenda item.

**OLLI Attendance**

I have added all OLLI class attendees to our mailing list. Of the 24 attendees, 5 were already members, 2 rejoined, and 2 joined as new members.
