

Volunteer Director Report
Rogue Valley Genealogical Society
April 2024

Susan Ball has volunteered to do our online book sales. We are working on getting her connected with the person who will train and supervise her.

We have lost the Grant Writing Volunteer. We will have an ad in the E-news next month for that position, along with librarians needed, and a Zoom Scheduler.

Should I advertise an Outreach Coordinator position?

I connected with the RV Manor Genealogy Interest Group in March and plan to develop that relationship.

The Access Senior Fair booth was manned all day by Midge Dailey, Ruth Wade, and Dorothy Cotton. Loretta was there in the morning and I was there in the afternoon. They talked to at least 200 people, handing out information and day passes. I have not received Midge's follow up report. Hopefully, someone else got it or you will receive next month. Briefly, 3 people are interested in volunteering, 2 were interested in membership, 5 want information about the quilt raffle, and 15 want to be added to our E-News. Not bad for "day of event" response.

Summer Open House "Chasing Freedom" is coming together. The committee will be meeting this week to continue fine tuning. Dorothy Cotton will be promoting our event with the local historical societies that she meets with monthly. Midge Dailey will be helping with decorations. We do expect to use the moneys budgeted last year for the previous Open House to purchase our ice cream, sundae accessories, and root beer for root beer floats.

Rene reported Volunteer Hours:

March 2024

Total Volunteer hours:	861
Board Member hours:	252.75
Number of volunteers:	73
Total Hours Year to date:	2643

No work done on my "volunteer plan of attack". I have not contacted volunteers to find out how they got recruited. I still hope to cultivate our current volunteers to see if they are willing to add other duties.

The Walmart Foundation program, Spark Good, has turned out to be difficult to get set up. Rich is working on it. We will need to make contact with their corporate office and that has been difficult. A work in progress.
